Rank/Position: Visiting Assistant Professor

Supervisor: Dr. Cedric L. Adderley

I. Effective Teaching and Advisement:

Supervisor's Observation: Dr. Feezell is an extremely knowledgeable and competent music educator. He has established himself as a strong multi-area teacher who works quite well with our students. His expectations for academic achievement are high and his ability to motivate students to perform at this level is phenomenal. Of particular interest is his ability to reach students who have done less-than-adequate work in the past, a skill that is rare for many teachers with twice his years of experience. In addition to his teaching assignment, Dr. Feezell has assumed additional responsibilities in the area of advisement during the 2004-2005 academic year and has been efficient and effective in completing all assigned tasks.

He continues to produce an extensive amount of custom resources for courses that he teaches that will serve as the basis for scholarly publications in the very near future. In addition to these accomplishments, he still finds time to compose original works for various musical ensembles.
